The most extraordinary discovery in the World is the Grat Arabian Kemedy for man and Beast. H. G. FARRELL'S

CELEBRATED ARABIANLINIMENT IT IS A FACT ESTABLISHED and well known that the Arabians attained a height in the knowledge of medicine which caused the whole world to wonder and admire. With them the science of chemistry had its birth, and it is, therefore, not at all strange that a people so emmently successful in the healing art, and so persevering and daring ir character, should, by actual and untiring experiment, discover remedies far surpassing in efficiency all others, for the cure of those diseases incident to them from their mode of life. The greater part of their time being spent in hazardous and bloody warfare with the different tribes, they were subject to the most violent attacks of rheumatism, paralysis, neuralgic pains, and various inflammatory diseases, as also the most horr d wounds, sprains, bruises, tumors, swellings, diseases of the joints, etc., etc. All these diseases they were so surprisingly efficient in curing, that the uninitiated looked with wonder and attributed their skill to the adapted to the present and approaching season, and to which powers of magic. The Arab steed is world-renowned for his beautiful symmetry of form, his unsurpassed speed and agility, and the incredible fatigue he is capable of enduring. Why is it? Because from the time of his birth his limbs are certainly watched, and upon the first appear-ance of disease the magic lotion is applied, and such things as confirmed sweeny, poll-evil, fistula, ringbone, scratches, spavin, lameness, etc., etc., are unknown. The same result will follow in all cases where H. G. Frrrell's Genuine Arabian Liniment is used in time. Look out for Counterfeits! The public are cautioned against another counterfeit which has lately made its appearance, called W. B. NINETY TOWN LOTS WILL BE SOLD AT AUCTION ! On Tuesday, 15th March, 1853.

F. HAGAN.

THE above LOTS are in the town of STEVENSON, at the junction of the Memphis and Charleston, and the Nash-ville and Chattanooga Railroads, 280 miles from Memphis, 113 miles from Nashville, and 38 miles from Chattanooga, and in Jackson county, Alabama. This place is at the point of Cumberland Mountain, situated on the margin of one of the richest valleys of Tennessee river, and surrounded by forests of the best timber in the Union, and iron and coal to an unlimited extent. The Nashville and Chattanooga rail-road has been finished to and past that point from Nashville, and the part of this road between Stevenson and Chattanooga will be done by July next, and the Memphis and Charlesion road from this point to the foot of the Muscle Shoals, a distance of 170 miles, is all under contract, and far advanced or finished, and will all be done in 10 to 18 months. The Selma road will enter the Nashville and Chattanooga railroad a few miles beyond Stevenson, and the connection at Chattanooga with the East Tennessee and Virginia roads the Georgia, Alabama and South Carolina roads, and the Selma road this side, and with the South-west through the Memphis and Charleston road, connecting with the New Orleans and Nashville, and Mobile and Ohio railroads, and by the Nashville and Chattanooga road to Nashville with all the North and North-west valley of the Mississippi, gives Stevenson a most commanding position for a manufacturing and commercial point, and justifies, we think, the prospect of a large city. Water, one of the vital necessaries of life, flows out of the mountain at this place in great abundance for all local pur-

poses, and to supply any number of steam engines; and of the finest freestone and limestone. This point is healthy, and combines the scenery of Switzerland with the climate of Italy, connecting mountain and valley. The rich lands and minerals, are here in immediate contact, with all these railroads to carry the products of either to market, in any direction.

There is already a thriving little village at this place, all

built in a few months, and great desire to buy on the part of parties at a distance. This sale is advertised to give all a chance at public sale, which will take place as above stated, on Tuesday, the 15th day of March next, commencing at 10 o'clock, A.M.

This place is, in point of railroad connection, simularly situated to Atlanta, Ga., but much more advantageously, in regard to productiiveness of soil and coal and iron, which ound it, and Atlanta, now six years old, has a population of over 6000 of the most thrifty people in this Un Persons wishing to attend this sale, can reach Stevenson daily by steamboats from East Tenneseee, South Carolina and Georgia by way of Chattanooga, and from Alabama by a daily line of steamers from Decatur, and a daily line of railroad cars from Nashville, Tennessee. One-tenth of the purchase money will be required to be

paid down, or a good well secured note at not over 4 months. as may be agreed upon, and the balance in one and two years with a lien retained on the ground to secure payment. Plans will be exhibited on the day of sale. J. F. ANDERSON & CO. Feb. 14, 1853-w2t dtd
